Choose your Workspace

3-10 Desks

Our flexible collection of offices allow businesses the freedom to grow on their terms. Short licences, one monthly fee and the ability to upsize, downsize or move out with ease creates a competitive advantage through challenging times.

10-20 Desks

It is our intention to share our clients journey, we have worked in mutual partnership with many of our clients over the years and seen them grow from a 10 desk space to a team of 20+. By understanding our clients, regularly communicating and remaining transparent, these offices create an environment to thrive.

Customising your space

We understand the importance of making the right move, so we help every step of the way. Using our knowledge we work with clients to create a space that truly works for them utilising every sq ft cost effectively. Whether that's creating meeting areas, accommodating a server room or making single offices – we recognise every client is unique.

A bespoke design service

Great design is at the heart of every Arena, so we make sure our office space is too. We collaborate with the best in the industry to deliver a design service for our clients that will inspire new ways to use their space creatively, collaboratively and considerately.
